Carbonic Acid	-	-	-	1.05
No. 4.—Hot Salt Spring, below Clifton May 25th, 1899.				
Silica	-	-	-	3.50
Iron Oxide	-	-	-	2.62
Lime	-	-	-	74.51
Magnesia	-	-	-	5.19
Soda	-	-	-	233.07
Sulphuric Acid	-	-	-	17.46
Chlorine	-	-	-	349.52
Carbonic Acid	-	-	-	.75

In the foregoing results we have given the substance as determined, without combining the various elements, as by so doing it affords a more ready means of comparison. It will be understood, of course, that these constituents, such, for instance, as sulphuric acid and chlorine, do not exist in the water in their free state, but are combined with the soda and lime, etc. to form salts. The foregoing, however, is the general method of reporting such analysis and we have no doubt that they will be understood. The results are all given in grains per United States gallon of 231 cubic inches, though it is customary in work of this kind to give results in parts per million. We can change it if desired.

Very respectfully yours,

[Signed] MARINER & HOSKINS.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50c and \$1.00. Trial bottles free by all dealers; every bottle guaranteed.
